

ATFCA COACHING RECOMMENDED SCALE OF FEES

The following Scale of Fees has been drawn up in response to requests from ATFCA member coaches, their clients and clubs. It should be noted that this scale is **a guideline only**. Local situations will have impact on what should be charged, as will the number of contact sessions a coach might have with an athlete over a period of time. This is particularly the case where the coach is working with an athlete on a long term basis.

The below coaching accreditation levels reflect the new "Athletics Coach Accreditation Framework" which has come into operation 1st January 2011.

Please note: Many branches and Coaching Courses may pay presenters lower than the fees indicated below in the desire to keep the cost of courses down for potential coaches. This only goes to benefit the sport as a whole.
